

PROFESSIONAL SUMMARY

A dynamic and results-oriented full-stack developer with a strong foundation in building responsive, user-centric web applications. Skilled in collaborating with teams and leveraging AI, documentation, and online resources to deliver efficient and high-quality solutions. Known for adaptability, leadership, and problem-solving abilities, coupled with a curious and energetic approach to tackling complex challenges. Passionate about continuous learning, optimizing performance, and crafting impactful digital experiences.

EDUCATION

Bachelor of Computer Applications

Sant Gahira Guru University, Expected Graduation: April 2025

SKILLS

Frontend Development:

- HTML5, CSS3, JavaScript (ES6+), React.js, Vite, TypeScript, Tailwind CSS.
- Responsive design, cross-browser compatibility, and dynamic UI/UX.

Backend Development:

- Node.js, Express.js, RESTful APIs.
- MongoDB Atlas, Mongoose, bcrypt for authentication and encryption.

Tools & Technologies:

- Git, GitHub, Render, Netlify.
- Push notifications, third-party API integrations.

Problem Solving & Optimization:

- Debugging, performance optimization, and clean code practices.
- Leveraging AI, documentation, and online resources for efficient and accurate task execution.

Soft Skills:

- Agile & adaptive mindset, strong communication, leadership, and problem-solving abilities.
- Known for being the funniest in the circle, bringing positive energy to the team.

ACHIEVEMENTS

- Student of the Year 2022.
- 2nd Rank in the Chhattisgarh State-Level Chess Tournament.
- International Math Wizard Olympiad (2017):
 - All India Rank 49 | 16th in Uttar Pradesh.
 - Gold Medalist – CPS IMWO 2017 Level 2.
- International Math Wizard Olympiad (2018):
 - All India Rank 265 | 95th in Uttar Pradesh.
 - Gold Medalist – CPS IMWO 2018 Level 2

PROJECTS

✓ PASS-X – Password Manager App

Technologies Used: React (Vite), TypeScript, MongoDB Atlas, bcrypt, Render.

- Developed a secure password manager with encryption techniques for enhanced data privacy.
- Implemented robust authentication, including password hashing and encryption.
- Deployed the app using Render for both the backend and frontend.
- Enabled features like password generation, autofill, and cross-platform accessibility.

✓ TaskBell – Task Management App

with Push Notifications

Technologies Used: HTML, CSS, JavaScript.

- Built a task management web app with interactive UI/UX.
- Integrated push notifications using JavaScript to keep users updated on task status.
- Implemented task creation, editing, and deletion functionalities with seamless navigation.

✓ AgeCalcPro – Age Calculator App

Technologies Used: HTML, CSS, JavaScript.

- Created a simple yet efficient age calculator web app.
- Added user-friendly input validation and error handling.
- Implemented real-time calculations and responsive design for various devices.

EXPERIENCE

Full Stack Development Intern

TechnoHacks Solutions Pvt. Ltd. • Mar 2025 – Apr 2025

- Developed and deployed full-stack web applications using React, Node.js, Express, and MongoDB.
- Integrated APIs and implemented secure authentication and authorization.
- Collaborated in agile sprints, enhancing features and fixing bugs.

Web Development Intern

CodeAlpha • Mar 2025 – Jun 2025

- Built responsive websites with HTML, CSS, JavaScript, and React.js.
- Optimized UI/UX for better performance and accessibility.
- Leveraged Git for version control and collaborated in a remote team environment.

Full Stack Development Intern

CodSoft • Dec 2024 – Jan 2025

- Created dynamic web applications with HTML, CSS, JavaScript, and Node.js.
- Integrated APIs and ensured smooth frontend-backend communication.
- Applied problem-solving skills to debug and enhance application performance.
